

DRIVANIA
Chauffeurs

Private & executive chauffeur services

Connecting global travellers to world's elite chauffeurs

Common Transportation Issues

Drivania helps clients avoid the most common issues in booking Private Chauffeur Services:

Driver no-shows

Wrong sized vehicle

Poor quality cars and drivers

Process involves lots of emails and phone calls

Unexpected extra waiting time charges

Inflexible cancellation policies

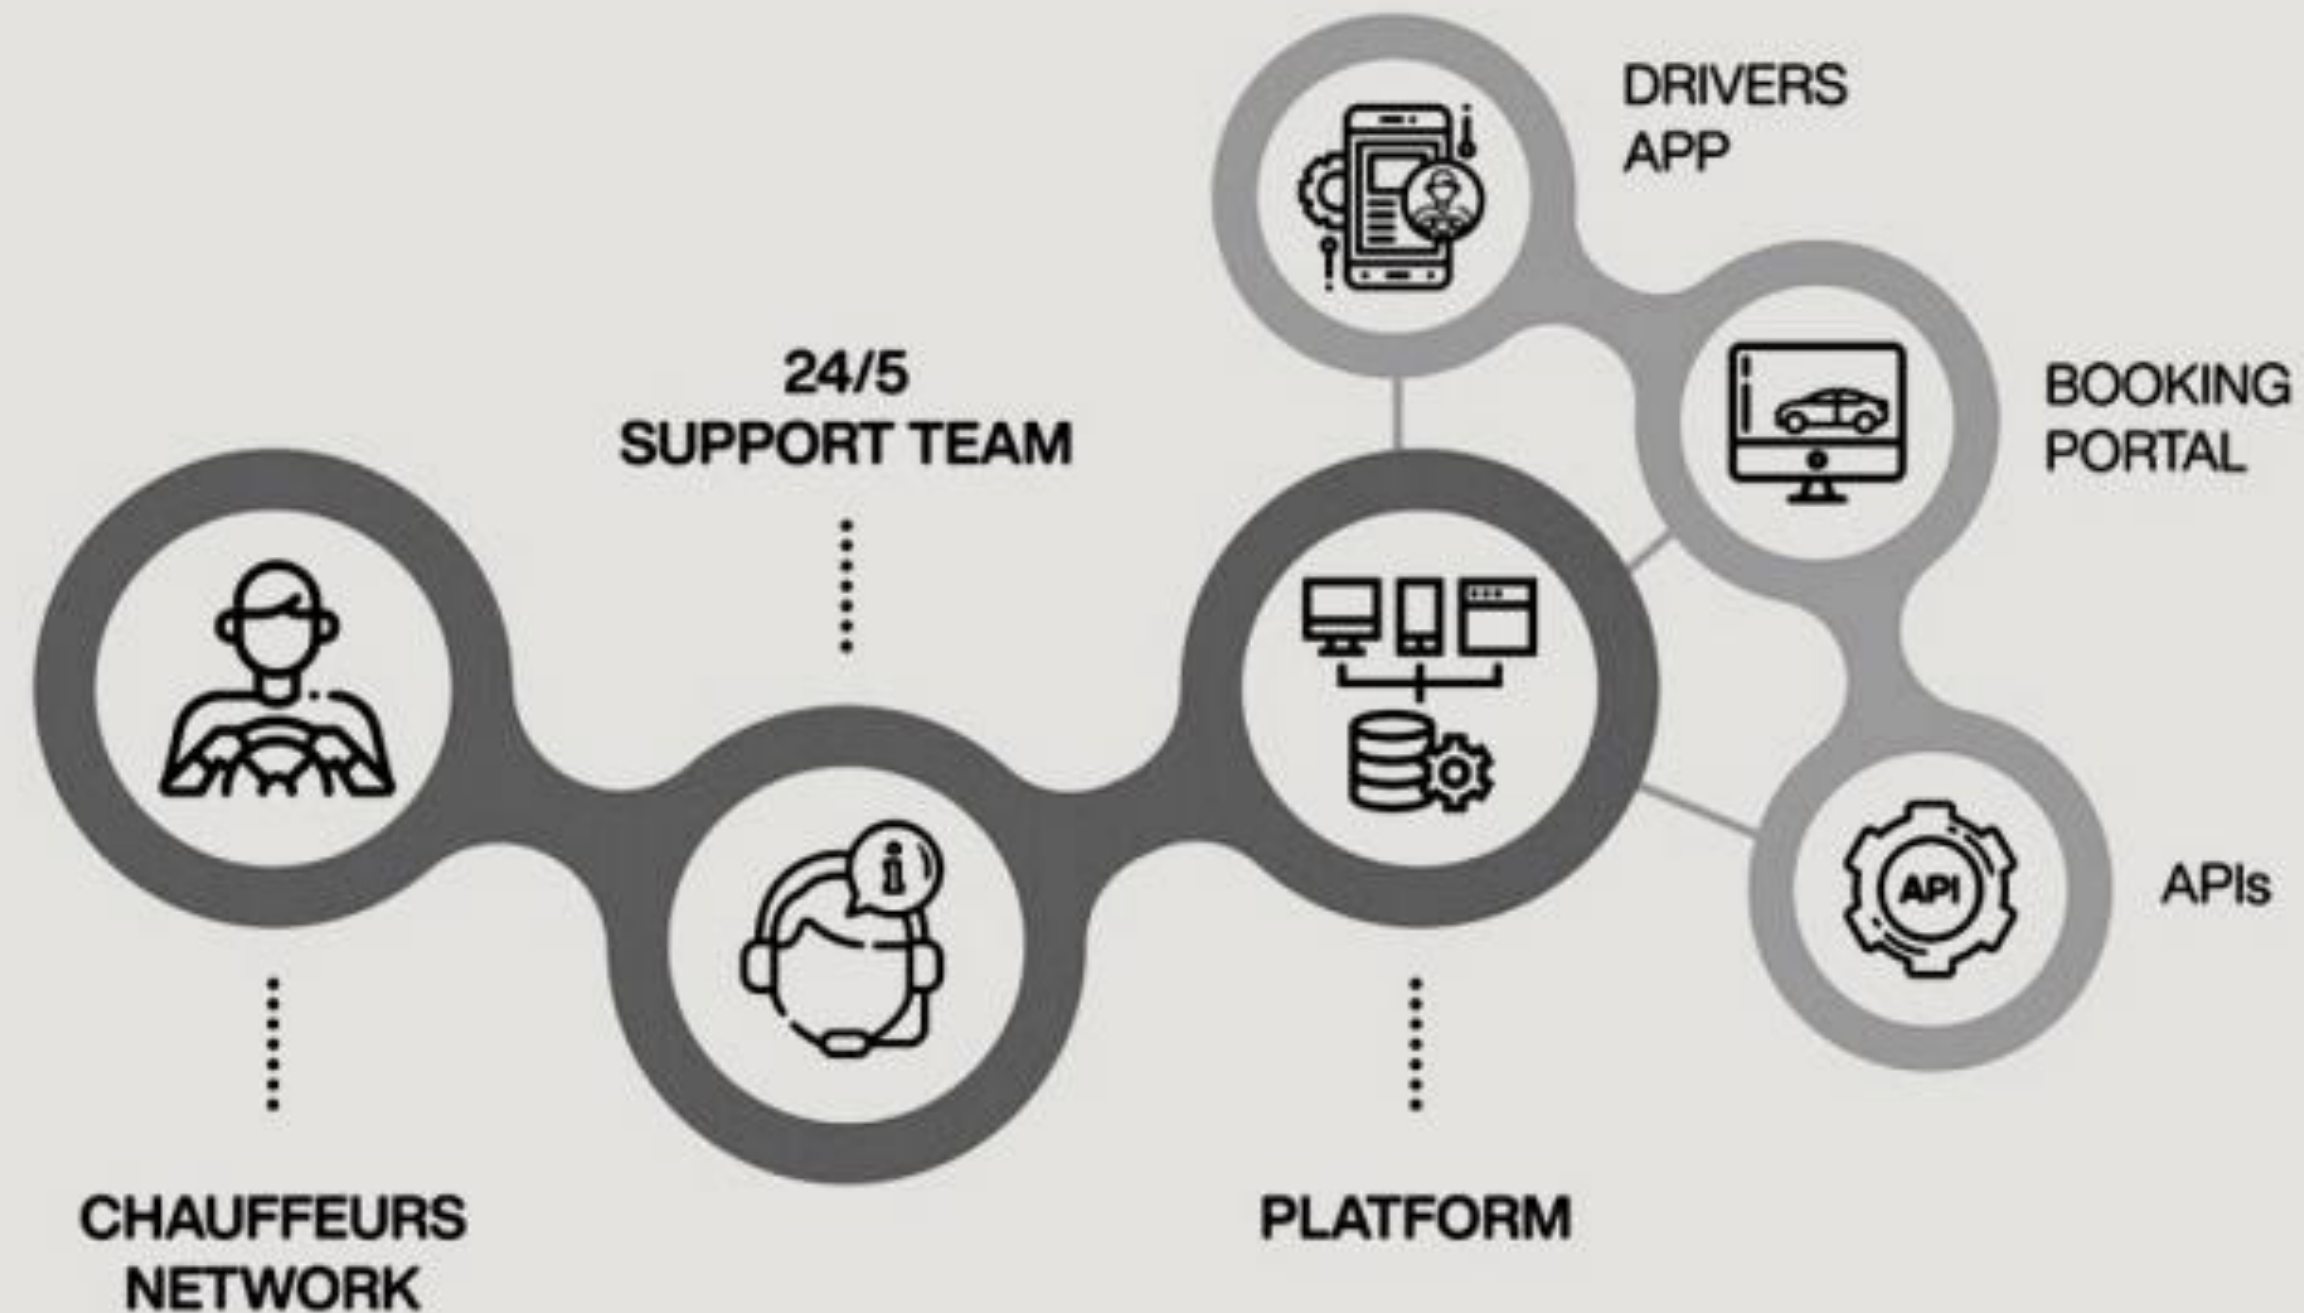

Quotes and final invoices do not match

Delays with final bills

Business model

Travel Organizers often struggle to meet their passengers' ground transportation needs.

This is why Drivania created a **Process** supported by a **Platform**, a **Chauffeurs Network** and a **24h Customer Care Team**, to offer reliable and profitable services in common travel destinations.

Global Carbon Offset Program

Drivania is committed to offsetting the CO₂ footprint of all rides.

More than 20 years of emissions have been fully offset, making it the first company in the sector to reach and certify such milestone.

Our 2022 footprint is offset by funding the **La Venta II Wind Powerplant in Oaxaca, Mexico**

Benefits of the Mexican Project:

- Local job creation and improvement of the local economy
- Increase in commercial activity
- Reduction of fossil fuels
- Increase in electricity supply in the region
